PANTHERSCOPE

1954

*Lapeer High School
Lapeer, Michigan*

Dedication

We, the Class of 1954, dedicate this book to

MR. A. E. SEATON,

our high school principal. Many times during the last few years Mr. Seaton has helped us in our difficulties with both word and deed. His friendliness, his cheerful attitude, and his understanding have won our greatest respect and appreciation. We shall always remember him.

IN

APPRECIATION

In behalf of the Senior Class, we, the Pantherscope Editors, wish to express our sincere appreciation for the work performed by Miss Eleanore Myk on this year-book. Miss Myk, our sponsor, has donated more hours of her time for this project than any other person. She not only advised us in many of the problems connected with our publication, but also worked with us, and often alone without us. We were honored by the pleasure of working with her, and we could not have asked for a more capable or a nicer person as our sponsor.

Class History

It came to pass in the fall of 1950 that a group of green but eager freshmen did gather to acknowledge the call of education. They were officially proclaimed as the Class of 1954 and promptly chose Bill Sullivan, president; Dick June, vice-president; Shirley Walker, secretary; and Coy Gordon, treasurer, to be their able leaders.

Their first test of courage came on the athletic field, when they were defeated after a great battle with a highly favored sophomore unit in the annual field day. Disregarding defeat they came back in the spring to put on one of the best freshmen-sophomore proms the school has ever witnessed. Without serious catastrophe the freshman year ended.

The group was no longer composed of green eager freshmen; they were confident sophomores. For class officers Bill Sullivan, Chuck Van Dusen, Judy Jamieson and Jeanette Stone were elected. The class showed superiority by trouncing the freshmen in the field day. In the Student Council elections these sophomores staged a great campaign placing Emil Lebedovych as president and ending the junior domination of the student council offices. The class made a beautiful floral rope which finished a truly great sophomore year.

Rising up the tree of knowledge, the class gained the distinction of being juniors. To lead them through this eventful year Bill Sullivan, Chuck Werle, Judy Jamieson, and Coy Gordon were chosen president, vice-president, secretary, and treasurer respectively. In April, 1953, the junior play, Drums of Death, was produced starring Chuck Werle, Dick June, and Nancy Church. In the spring Student Council elections, Dick June was elected vice-president.

Last but not least was the Prom, which turned out to be a huge success. The gymnasium was beautifully decorated with artificial palms and flowers resembling a scene in a picturesque garden.

In the fall of 1953, after meeting the requirements in full, they were given added responsibilities and were recognized as seniors. For the final year in high school, the class officers were Bill Sullivan, Harold Middleton, Susan Snoble, and Coy Gordon. In the senior play, Wally Branson and Marjorie Van Kleek teamed up with the rest of the cast to present a hilarious three act comedy, Mr. Barry's Etchings. The biggest project of their four years in high school was the Pantherscope. Emil Lebedovych and his staff succeeded in composing one of the best Pantherscopes in Lapeer High School history. The Prom, Senior Trip, and Swingout fulfilled their expectations and the week of Baccalaureate, Honors Assembly, and Commencement passed all too quickly.

This class, which passed into history as the Class of 1954, will always remember and appreciate the guidance and help which was bestowed upon them by their fellow students and sponsors.

Junior Play

FIRST ROW: Maureen Sullivan, Mrs. Teachout, Dick June, Nancy Church, Chuck Werle, Helen Coulter. SECOND ROW: Sally Godwin, Mary Taylor, Ralph Taylor, Emil Lebedovych, Bob Secson, Steve Crowell, Sue Pohl, Marjorie Van Kleek. ABSENT: Frank Davis.

Our Junior Play was a real thriller. "Drums of Death" starred Dick June, Chuck Werle, and Nancy Church. They were ably supported by the rest of the fine cast. One of the most eerie plays produced in Lapeer High School, "Drums of Death" took place in an isolated swamp in the south. Screams and files might come through a door at any moment but Dick June did a fine job of keeping the ladies calm. Chuck Werle relieved the tension at odd moments by talking to "Myrt" on the phone.

We were honored by having one of our cast receive the Dramatics Award for the year. Chuck Werle was chosen for this recognition over all other actors.

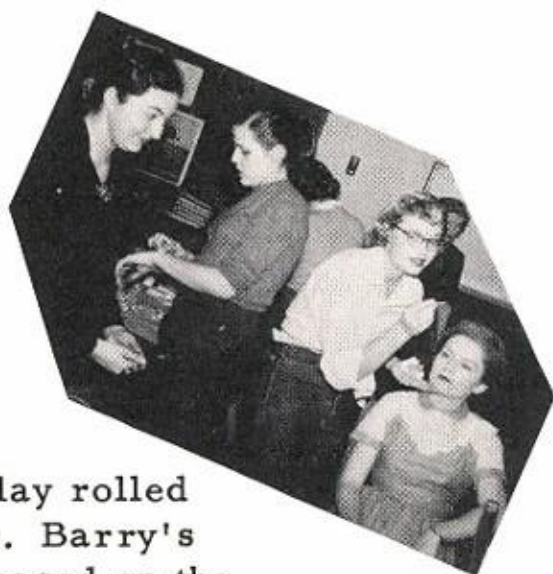

Mrs. Florence Teachout directed the cast to an outstanding production with the help of the student directors, Frank Davis and Helen Coulter.

Senior Play

FIRST ROW: Mrs. Teachout, Wally Branson, Marjorie Van Kleeck, Rita Stacy. SECOND ROW: Chuck Werle, Carr Baldwin, Margaret Foot, Sue Pohl, Rosemary Truax. THIRD ROW: Steve Crowell, Frank Seames, Jim Frazer, Alfred Hurshburger, Ralph Taylor. ABSENT: Joyce Link, Gary Kitchenmaster, Fredericka Klumb.

When the Senior Play rolled around, we chose "Mr. Barry's Etchings", a comedy based on the movie "Mr. 880."

The stars of this production were Wally Branson and Marjorie Van Kleeck. Rita Stacy and Gary Kitchenmaster provided the romance, while Jim Frazer and Joyce Link brought the comedy and excitement.

Again our production was directed by Mrs. Florence Teachout with Chuck Werle and Rosemary Truax assisting her as student directors.

Class Prophecy

Hello, there! You've heard about that little bird haven't you? People are always saying, "Where did you hear that?" "Oh, a little bird told me." Well, I'm the little bird, with all the inside dope on the reunion of the class of 1954.

It's 1964, and the biggest alumni homecoming dance in Lapeer High's history is in full swing. Over in one corner, I see a crowd of grey-haired elderly men and women. Can these be Lapeer students? No! They are the remains of the teachers of 1954. They are discussing ways and means of keeping the kids under control. With them are some prominent educators who graduated here.

Bob Albrecht is Dean at a girl's college, and I hear he's enjoying his duties very much. Carr Baldwin is in favor of the old-fashioned hickory stick. Margaret Taylor, who is Professor of Science at the U. of M., prefers to use charm on her students. Alfred Hurshburger is having an argument with his father. Alfred just won the Nobel Prize for his mathematical theory about Fourth Dimension, but his father is still confused about the Third Dimension! Here comes another intellectual; Alex Slieff, who is janitor at the Public Library, also wants to join the discussion.

Suzanne Allen just came in wearing a lovely fur coat. Joyce Link is model for TV advertisements. Gilbert Dennis and Pat Sweeny pooled their resources and developed one of the largest cattle ranches in the country. They are talking to Anna Kolhagen who is the new Secretary of Agriculture. (The first woman to hold that position.)

I saw Judy Rice and Harry Mc Donald having an argument. She likes Packards and Ron is all for Buicks. Judy won by pointing out how much easier it is to wreck a Buick's transmission. Jane Fogarasi is secretary for her husband, Bill Sullivan, who owns the Sullivan Motor Sales.

Norman Burley owns the Ford garage. He's passing out pins reading "Ford's Out Front." Bill Taylor tests the driving action ability of all his father's cars.

Joan Link is secretary of the "Hunters Club." She is talking to Jack Lewis, an expert coon hunter. Harold Jostock is an announcer of football games over WJBK. With him is Herb Matheson, who worked up from bat-boy to star pitcher for the Tigers.

Beverly Fernea just went past with a wicked looking hypodermic needle and a first-aid kit. She, Eileen Reed, and Audrey Quade are helping people who pass out from dancing too violently.

By the way, the refreshments tonight are furnished by Branson's Dairy, which Wally now owns. Beverly Spencer and Gordon just came in, looking very nice together. Marvin Smith is going around looking at people and taking notes. He is planning to write a book called, "Men Prefer Redheads."

I was just talking to Laura and Erwin Merritt and they told me they are busy raising little "pigs." Ted Fitch and Vernon Harvey are talking about Ted's new book, "Who's Looney Now?" Vernon now has a new job as circus clown with Ringling Brothers.

David Wheeland, who recently made a new record in speed boat racing, is talking to Gary Kitchenmaster. Gary can still beat all records flying

from any town in his Dad's DeSoto.

I hear that Fred King is head salesman for J. L. Hudson Company. Robert Kile is head of all Greyhound busses leaving Detroit. Bill Jarvis has been offered a contract as an actor. He's still wondering why! Dick June has a couple of gas stations of his own. He sells gas to Duane Kellogg, who owns the City Cab Service, and to Chuck King, who does tricks on his motorcycle. Wanda Lester still likes roller skating. She's a teacher at the Imlay City Roller Rink.

Paul Misener is now a General in the National Guard. Bob Coulter is very proud because he's a PFC now after being a recruit for eight years. Margie Van Kleek, a WAC is making eyes at people in other branches of the service. Dick Schroder is the World's Flying Ace.

Jim Mellish just went by carrying his trombone case. He's in the floor show tonight. Gail Miller and Tom said they are going to move to Lapeer and send their little girl to Lapeer School. Carol Moores is a sweet housewife. Alice Newby Winslow is still happily married. Ken Moran is chief ice-cream sampler at Knapp's Dairy. Remember quiet Barbara Joslin? She is now the most famous speaker in New York, helping Billy Graham.

We have a couple of famous authors in the crowd tonight. One of them is Margaret Foot, who recently published a book titled, "How to Live Down a Nickname." Second, Basil Smith wrote a book called, "Trips Around the World Can be Fun." Maytha White has her nursery but isn't making any money on it--all the customers are her own children. Edith Moore is having a wonderful time touring the United States in her new house trailer.

Oh-oh! Duck! Here comes Emil Lebedovych. If he catches you he'll give you a ten-minute political speech. He's running for Senator and Jerry Wiley is opposing him.

Wesley Taylor has a new TV show called, "Range Songs and Stories." Alton Truax is the owner of a drive-in movie. (Which can be fun.) Mike Vakula still drives those new Oldsmobiles around town. Frank Seames recently swam the English Channel. Rosemary Truax is happily married. Marjorie Taylor is helping children learn the right and the wrong way of doing things. Marv Umpstead is a court stenographer.

Shirley Walker and her husband are dancing together. Marilyn Vanniman designs homes for advertisements. Dick Warren is in the Customs Office between the United States and Canada. Lydia Werden is living in Detroit, working as a secretary. Mary Wertz is showing students how to smile while getting their pictures taken. Helen Williams is married and has a set of twins like her sisters. Marjorie Williams helps put casts and bandages on patients at Lapeer Hospital.

Allan White is writing a book called, "School is for Education and Fun." Wait a minute, it can't be both! Judy Jamieson and Bob Secson dance together as well as they used to. They are talking French. Judy studied it in college and Bob learned it in Europe. Geraldine Summers, a hair stylist, is conversing with Lucille St. Pierre. Lucille doesn't drive to Romeo anymore--she lives there. Bob Swayze is a well-known

business man, selling magazines. Rita Stacy is going around saying good-bye to everyone. She and her husband are leaving for Sweden soon.

Max Slater, as new editor of the County Press, is taking notes. Helen Seden is working to become boss of all insurance companies in Michigan. Carlene Seib is here with her boss. Don Shoults still wonders which twin is which. Susan Snoblen just went past wearing a lovely dress she designed for herself. Maureen Sullivan is a secretary for the FBI. Joanne Peasley is engaged again, this time for keeps. Geraldine Plummer has been married for a few years. I see that Mollie Nelson is still a natural blonde.

Frank Davis has finished his conservation classes at Michigan State. Richard Inman graduated from State with an Ag Scholarship. There goes Brad Beach with his magnifying glass. He's on the trail of a rumor. Brad as you know is an FBI agent. Nancy Horton is the star of the Ice Follies this year. Yalon Harris is the wife of the new minister here. Marlene King is secretary and a swell wife to Jim Frazer, who is an electrical engineer. Jim Ruby has just entered. Jim as you know, has just returned from a tour of the world.

Joyce Balch is planning her girl friends' weddings. Helen Adams has a good job as secretary to Sergeant Friday on "Dragnet." Faye Birkenhauer is head bookkeeper of the Coca Cola Company. Vinton Bentley is advisor of Lapeer High's students--he advises them as he wishes he had been advised. Vivian Bentley is President of the Chamber of Commerce.

Mary Lou Charter and husband have just finished building their dream house. Ralph Owen, who studied highway engineering at the U. of A. (University of Alcatraz) runs his own business. Mary Taylor, his secretary, has been showing us some cute pictures taken at the office! Nancy Church is telling a group about her recent trip to Cuba with her rich husband. Judy Collins is showing her statistics on college students' chief interests. Marilyn Cranick is still collecting the biggest rings she can find.

Lois Churchill has her own restaurant in Metamora. Steve Crowell is following his father's footsteps. He makes sure he always has his joke book before getting up on the pulpit. Marilyn Carpenter is now a medical secretary for Dr. Doty.

Marguerite Starr, a concert pianist, just returned from Europe. Donna Rawlins just finished painting a portrait of Ike and Mamie. Mary Jane Stiles is talking to Uncle Dudley, who is reminding her of what a hair jerker she used to be. Mary Dunham is talking about going deer-hunting. Sounds like fun! Harold Gee is an engineer, working on the super-colossal bridge across Potter's Lake. Doc Goodar is a famous skin specialist in a Bologna factory. Joy Gordon has a set of twins. Roy Henderson, head of a committee to further education, is finding it different than he expected. Norman Hill is playing basketball for the House of David.

Alma Hiltz still has lots of fun attending church, but in the country. Evonna Hodgson is happily married. Milton Hutchins is foreman at the Ford garage. I see Dale Hutchinson and Gordon dancing. They have just

returned from their second honeymoon. Betty Gibson is a stenographer for AC. Pat Anderson is still driving those big Buicks around. (Until another accident.)

Jean Fogarasi is married to Toad and is living in Arizona. Fredericka Klumb is chief cook in Stiles Cafe. Helen Coulter has a ticket to go around the world with Jack. Nina Henderson and Tom brought along their little curly headed boy. I see where Jerry Otting just married some girl from Flint. Not the same one he brought to the prom in 1953 though. Paul Broecker has been named farmer of the year by the Future Farmers of America. Tom Calvert is now champion billiard player taking over Willie Hoppes' crown.

Nancy Dash just came in snapping her gum. Joyce Davison is raising children six feet tall. Bernadine De Groat is now chief nurse at Lapeer Hospital. Tim Francis is still shy, but improving.

Coy Gordon is still arguing that he does not look like Jerry Wiley. Barbara Hancock is chief hash slinger at O'Dell's Restaurant. George Johnston is still playing with the toys at Lapeer Hardware. Harold Middleton is still wearing his monogrammed clothes and enjoying them.

Herbert Palmer is now head coach at LHS. Norma Perry is an Admiral in the WAC. Keir Relitz is still trying to build a hot-rod that will go 150 miles per hour. Bill Watson now owns a Gamble Store of his own. Chuck Werle is still Ace of Lapeer County. Roger Reed in an ex-foreign minister to Russia. Jack Quade now manages a table down at Louie's. Fred Woodrow just wrote an etiquette book for men. Phyllis Patten is an assistant editor of the Ladies Home Journal. Beverly Lonsberry poses for Lux Soap ads in all popular magazines. Rosemary Lang is a great flower raiser. She wins a prize every year.

The dancing has stopped, the floor lights dim, and now the spotlight is being switched on.

The first act is a skit. Acting in it are Ralph Taylor, Corky La Fortune, and Sue Pohl, with a supporting cast of those who were in the Junior and Senior plays. Ralph recently received an Oscar for his performance in "The Great Lover." Corky has been under-studying Marilyn Monroe, while Sue has been on Broadway playing the lead in "Little Women."

The second act is a clarinet number by Sally Godwin. Sally, who has been playing in Spike Jone's band, brought along some of the boys to make noise while she played her solo. And, last, but not least, is the year's singing sensation, Art Unger, who has replaced Eddie Fisher and Perry Como.

The floor show is over, and the couples are drifting back on the dance floor. They will remember this gathering for years, the reunion of the great class of 1954.

Well, I must be flying along now. I hope you had as much fun as I did.

Pros & Cons In Council

The student council meetings have been running smoothly. Some of the discussions have become rather heated, such as those on 7th and 8th grade dances and the conditions in the halls.

On September 29, the motion was passed to the effect that the 7th and 8th grades should have their own dances and not be allowed to come to any others unless they were with a date. However, it was brought up in the October 6 meeting that this law should be looked into, to see if it could be amended in some way.

PHYLLIS COTE' was named chairman of an investigating committee. She reported on October 13 that the 7th and 8th graders were very disappointed by the motion and suggested the motion be withdrawn.

After several speeches, both pro and con, a vote was taken to see if two-thirds of the council wanted the motion dissolved. Over half of the council voted against the motion but not enough to see it remains. It remains for the 7th and 8th graders to decide if they want dances excluded.

THE OTHER discussion on October 7 met to discuss conditions in the halls. A suggestion was made to study of the one week and with a different other week.

The two new ways of and who. Having one stairway down.

Another two lane end of the and change lane stairway. The way would be heavier.

THEN, W the job? Ministry and p they should mental ba permanent student council, and this would be under their jurisdiction. After a battle the physics and chemistry classes won out.

Custodians

On this and the following two pages are employees of Lapeer High School whom the students are sometimes apt to forget. Actually, in a way, they are the most important people of the school. Although they do not make the big decisions of the administration, nor, like the faculty, do they determine the students' fate when report cards come out, they have a job to do. They provide transportation for 650 of our rural students; they do all the secretarial work of the school. They provide lunches for 250 people and keep the building and grounds in order. We realize what a big job it is and wish to thank these people for all the benefits we receive from them.

Varsity Football

The Panthers of 1953-54 were a fighting team, led by Coaches Fitzpatrick and Jackson. While they came out on the bottom of several scores, they never went down without a healthy scrap.

Every member of the team did his share in turning out a fine performance. The team of blue and gold was led by eleven seniors along with underclassmen who showed remarkable ability.

Yes, to the team of 1953-54, we say, "Nice Going, Panthers!"

Norman Hill

Robert Albrecht

NORMAN HILL received the Kirk White Trophy, given annually to the most valuable member of the football team. Norman is a member of the class of 1954. He played right halfback on the team, and was active in many other sports including basketball and track.

ROBERT ALBRECHT was the recipient of the Pete Chatfield Trophy, given annually to the best linesman by the Lapeer County Press, for outstanding work in football. Robert came to Lapeer from Columbiaville in his Junior year and immediately became an active participant in sports. He played on both the football and basketball teams.

The Girls' Athletic Club of Lapeer High School was organized in 1941 by Miss Lucille Swift. The club is now under the sponsorship of Miss Verna Smith. The purpose of the G. A. C. is to provide an opportunity for girls to participate in athletics, and thus teach them good sportsmanship and fair play.

Membership in the club is open to girls of the ninth through twelfth grades, who have earned 15 points or more. These points are given for participating in all scheduled games. Extra points are given to the captains, managers, and G. A. C. Executive Board members. A maximum of 200 points may be earned by an outstanding member. The sports provided are: softball, volley ball, basketball, tennis, swimming, and bowling.

Awards are presented to the members at the annual G. A. C. Banquet, held in the spring of the year. The G. A. C. Trophy is awarded to a senior girl of the club who is outstanding in scholarship and athletics.

What's the matter, Edgars?

Tired, Burt?

Horn or carburetor?

Gee...

Deep strategy

Drum boy

I love books

Two little Indians

Where's the ball?

Legs or lamp posts?

Back-row politicians

Dig those crazy teachers!

Get it!

The peck-horn's revenge

And in conclusion...
